

THE CANADIAN ALLIANCE OF PHYSIOTHERAPY REGULATORS

NOTICE TO OUR CREDENTIALING APPLICANTS

DELAY IN PROCESSING APPLICATIONS

We have experienced a large increase in the amount of applications and related mail, and this has caused a backlog in our projected timelines for credentials assessment.

Although we are attempting to minimize the impact of the increase in volume felt by our applicants, it is the reality that timelines for the completion of assessments and the processing of applications have increased.

We are making every effort to process your application or finish your assessment as quickly as possible.

We appreciate your patience and sincerely apologize for the delay.
