

THE CANADIAN ALLIANCE OF PHYSIOTHERAPY REGULATORS

NOTICE TO OUR CREDENTIALLING APPLICANTS

2012 DOCUMENT REQUEST FORM

On January 1st, 2012 the Canadian Alliance of Physiotherapy Regulators introduced new credentialling standards. With the introduction of the new standards, our Credentialling Handbook and related forms were updated to Version 120101.

Please note that if you have not yet applied for the Credential Assessment for physiotherapists educated outside of Canada, you will need to send Version 120101 of the Document Request Form to your school. The new Document Request Form (Version 120101) is available for download on our website and it can also be found in the new Credentialling Handbook (Version 120101).

As of March 19, 2012 The Alliance will no longer accept Version 100901 of the Document Request Form. If we receive the old (Version 100901) Document Request Form after March 19, 2012, then we will contact you to arrange with your school to send the new version.

We thank you for your attention to this matter.
